Core Services

Early Intervention Services(EIS)

- Early Intervention Services has 5 components:
 - *One targeted HIV testing effort*
 - *One referral to HIV medical care*
 - *One linkage to HIV care or treatment*
 - *One outreach unit*
 - *One health education/risk reduction unit*
- Currently, e2Virginia does not allow data entry for EIS to be separated out between the different categories. But HRSA requires that VDH report it as 3 separate objectives.
- Agencies providing EIS services will need to break out the numbers in their monthly report.
